

In reference to the docket # listed, I am vigorously opposed to the Consumer Bankers Association proceeding to impose the Federal "established business relationship" exemption. I signed up for the Indiana "No-call" list for a reason - "No-call" means no calls! I have written my bank, who is a member of the CBA, and stated very clearly to them that if the Association is successful in their proceeding, my accounts will be withdrawn from their entity and I will bank elsewhere.

Sincerely,
Brian L. Beattie
